

Link Touch

BMS Touch Screens Reimagined

Overview

The Link Touch is a range of industrial touch screens designed for the building automation industry.

The Link Touch range allows you to connect to any HTML5 BMS / BAS system and display your graphics.

The Link Touch comes with a pre-installed Innon Android application that will guide you step by step through the installation process.

The app is designed to save time during setup and locks the system to its main purpose of displaying BMS graphics.

More so the Link Touch range is using the most reliable and fast-responding Touch Screens designed to minimise delays on transitions from page to page or editing schedulers.

The Link Touch is available World Wide and comes with US, Europe and UK compatible power plugs.

Key Benefits

- Fast processor for super-fast touch interactions.
- Compatible with HTML5 BMS user interfaces with pop-ups.
- Kiosk app and setup wizard pre-installed with auto-login

Key Features

- Ethernet IP and WiFi
- WiFi: 802.11b/g/n 2.4G and 5G
- CPU: RK3399 dual core Cortex A72 + quad core Cortex A53, 64 bit, 1.8 GHz
- Size: 10.1 inch & 15.6 inch
- 10.1" Resolution 1280 x 800px
- 10.1" Aspect Ratio 16:10
- 15.6" Resolution 1920 x 1080px
- 15.6" Aspect Ratio 16:9
- Android 7.1.2
- Capacitive Touch Screen
- Frame: Black rim, IP65
- Wall and Panel Mount
- Memory: eMMC 32 GB
- RAM: 4 GB dual channel DDR3
- I/O: USB2.0 x1, USB3.0 x1, Type C x1, COM232 x1, OTG x1, TF/SIM x1, DC12V x1, HDMI out x1, RJ45 gigabit x1, Audio 3.5mm out x1
- Certifications: CE, FCC, RoHS, ISO

Models:

LNK-T10-IP-WEB (TPC101-A100)
LNK-T15-IP-WEB (TPC156-A100)

UK, US and EU Adaptors included.
